Shangrila Chair Bed SHANGK0331

The Shangrila is an innovative solution to the problem of short term bed provision, whether this is for a visitor at a patients bedside, for staff to take a break, or to provide comfortable rest for people facing long delays. Deeper foam cushions ensure real rest and recuperation.

Features and Benefits

- Compact & modern design that will complement any environment
- Simple two step movement to quickly transform the chair into a bed
- Built in castors for ease of movement and easy cleaning
- Deep Reflex foam cushioning to give the ultimate comfort when sitting for long periods.
