

KNIGHTSBRIDGE
DISTINCTIVE BRITISH FURNITURE

MEMPHIS HIGH BACK CHAIR MEMPHK5530

The Memphis Patient Seating range has been designed and developed by Knightsbridge's in house design team working alongside clinical professionals to create a selection of chairs for healthcare environments.

Ideal for waiting rooms, clinical areas and patient ward bays, the Memphis patient seating co-ordinates with the Memphis multi-purpose upright chairs ideally suited for waiting areas to maximise space available.

Features and Benefits

- Provides excellent lumbar support and comfort
- Hygiene gap to prevent trapping of dirt between the seat and back.
- Optional extras available such as housekeeping wheels, wings, wings, arm pads and height adjusters
