**KNIGHTSBRIDGE**  
DISTINCTIVE BRITISH FURNITURE

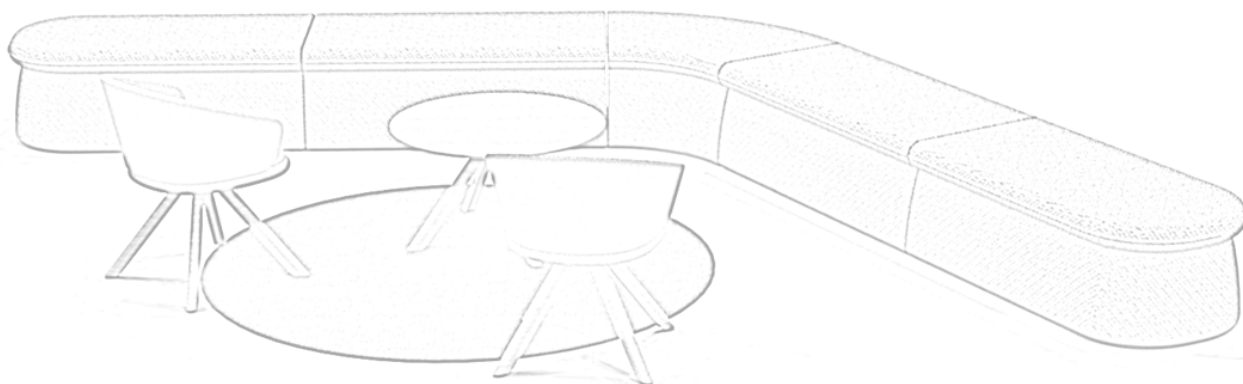

Bebop

## Bebop Modular Seating

Bebop, designed by David Fox Design for Knightsbridge Furniture, encompasses a range of modular seating designed to give you the greatest flexibility when selecting furniture to meet your exact needs.

The wooden assembly evokes natural warmth, a popular theme to create a cosy yet contemporary feel. The textured upholstery carefully considered fly stitching details and soft sweep of the arms and seat plays to the comforting elements of the Bebop, while adding a touch of styled charm, to lift the piece into an inviting lounge, perfect for reception areas, breakout spaces, bars and foyers.

## Flexibility and Versatility

The flexibility of the Bebop range allows you to create stylish comfortable working spaces to meet your exact needs. So whether you need bench seating for a reception area, a study booth for the workplace or modular sectional seating for a breakout space, Bebop can be as versatile as you require.

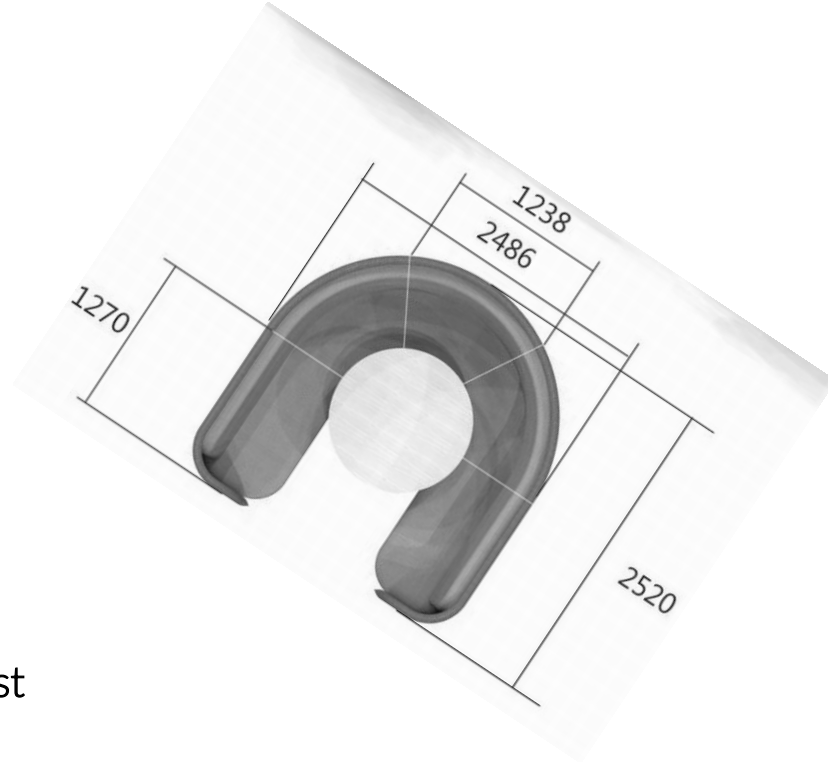

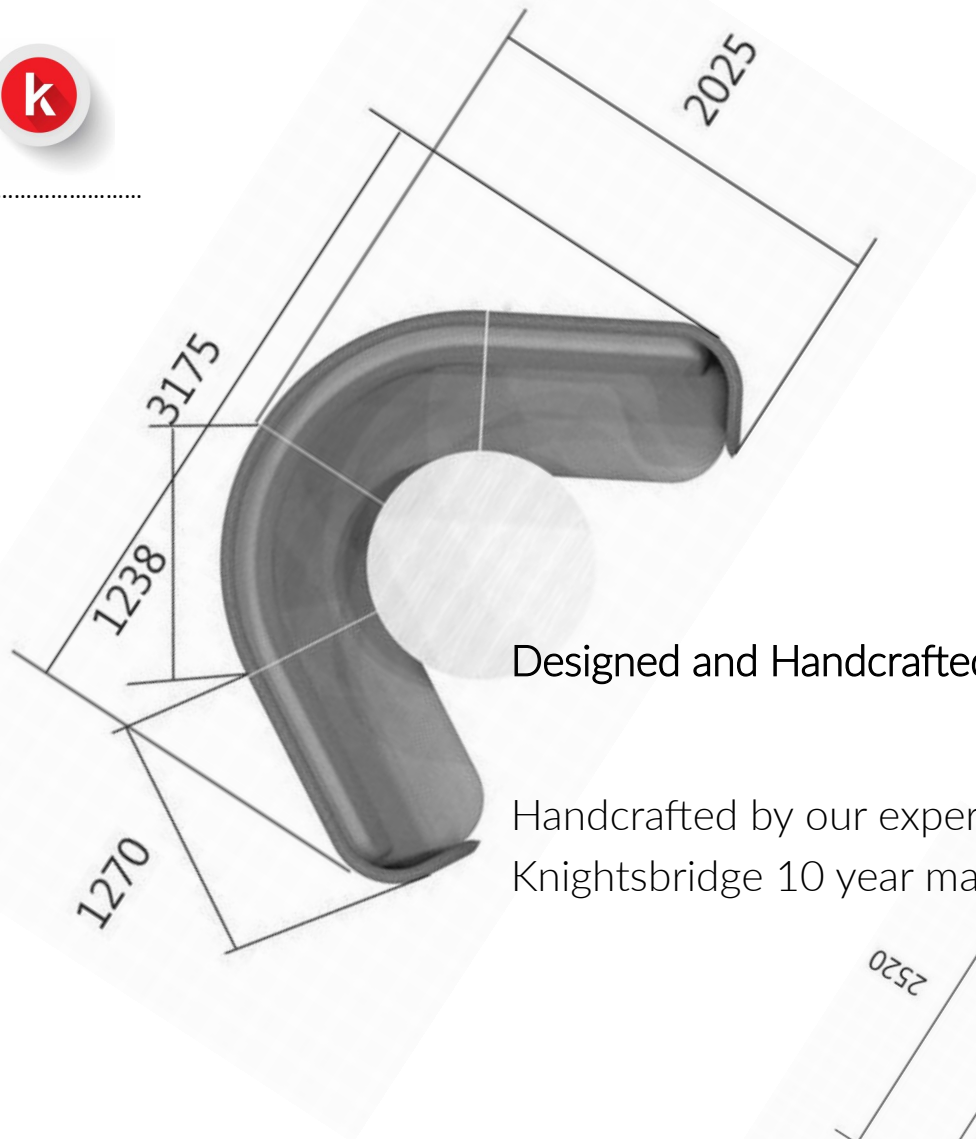

## Collaborative Working Environments

Designed to foster creativity and output in the workplace, Bebop can be configured to include a mix of upholstered modular seating, barstools and high tables.

Designed and Handcrafted to Last

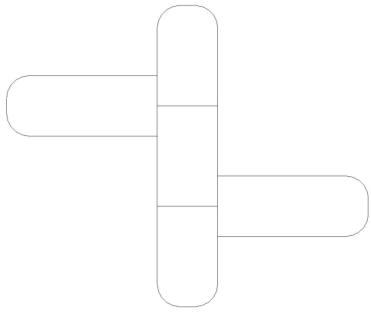

Handcrafted by our expert craftsmen in Yorkshire, the Bebop range comes with the Knightsbridge 10 year manufacturing guarantee
